14. Profile Screen (Other User)

Visual Layout:

```

■ User Name ■
■ @username ■
■
■ Bio text appears here ■
■
■ 89 books ■ 456 followers ■
■ 123 following ■
■
■ Follow ■
■
■ [Activity] [Library] [Reviews] ■
■
■ Their activity... ■
■

```

Elements:

- Similar to your profile but:
- Back arrow instead of settings
- Follow/Following button instead of Edit
- Menu (three dots) for Report/Block
- Respects privacy settings (may not show library)

Behavior:

- Follow button toggles to "Following"
- Menu shows: Share profile, Report, Block

15. Settings Screen

Visual Layout:

```

■ [←] Settings ■
■
■ Account ■

Navigation Flow Map

```
graph TD; Splash --> Onboarding --> Home_Feed[Home Feed]; Home_Feed --> Library; Home_Feed --> Search; Home_Feed --> Groups; Home_Feed --> Profile; Library --> Book_Page[Book Page]; Search --> Search_Results[Search Results]; Groups --> Group_Settings[Group Settings]; Profile --> Detail; Book_Page --> Reader_Book_Page[Reader Book Page]; Reader_Book_Page --> Sub_screens[Sub-screens]; Sub_screens --> Discussions;
```

This completes the comprehensive wireframe set for TomeTrack MVP. Each screen is designed with:

- Consistent visual language from the design system
- Clear user interactions and behaviors
- Appropriate spacing and hierarchy
- Accessibility considerations
- Soft, comfortable color palette

Next steps would be to create high-fidelity mockups in Figma or similar tool, then move to development.
